## Divine Solutions for bring-down the side effects due to Cancer

**Objective:-** I am publishing this article after my 5 years research on Astrology & thorough study on Planets. I would like to see smile from Cancer patients.

**Overview :-**I personally visited temples and studied cancer patient's horoscopes and come to the conclusion that Rahu[Uranus] and Ketu [Neptune] are playing significant role in cancer disease. Western Astrologers call Rahu and Ketu are dragon head and dragon tail. Rahu and Ketu don't have any permanent house in the horoscope. All the planets revolve the houses in the clockwise directions but Rahu and Ketu revolve opposite to other planets. Rahu travels from one rashi then Ketu starts 180 degree opposite to Rahu. Snakes head and tail appear 180 degree only. Both Rahu and Ketu are thick friends. Ketu obeys and acts according to Rahu's instruction.

Rahu/Ketu is directly linking with Snake worship and they are linked with our favorable gods. Vishnu use Adishesha as bed(i.e.) Vaishnavaites call it Anantha sayanam. Vaishnavisam has spreaded across the world due to Saint Ramanuja[incarnation of Adishesha]. Ganesha, Lord Durga/Amman and shivji and Kartikeya are linked with Snakes. Rahu and ketu are kind when we surrender and pray to them wholeheartedly.

### **What is cancer and how it link with Snake's lair?**

Cancer is a term used for diseases in which abnormal cells divide without control and are able to invade other tissues. Cancer cells can spread to other parts of the body through the blood and lymph systems.

Snake Lair:-Ant hill spread across bushes or lush green trees and slowly snake's started residing that place.

Now, We can co-relate both Cancer and Snake Lair that Cancer is spreading within the human body whereas Snake Lair spreading on particular place or area.

People who have got cancer are due to previous karma or any of their ancestors directly or indirectly attacking snakes. Request you all not to kill snakes; you are directly or indirectly creating sin to your beloved ones.

### **Remedies for nullifying the cancer's effect:-**
